Wiggling And Wabbling

Senator Harding has wiggled and wabbed eight times on the League of Nations question, says Governor Cox.

1. He voted with the mild reservationists.

2. Advocated the Lodge reservations.

3. Voted for the Knox Resolution for a separate peace with Germany.

4. Accepted the Republican platform, which declares that the League of Nations has signally failed.

5. Proposed a separate peace with Germany and the "scrapping" of the League of Nations.

6. Advocated the restoration of the dead Hague Tribunal.

7. Says the League of Nations has passed beyond the possibility of restoration and has been abandoned by Europe.

8. States that "amendment or revision of reconstruction" of the league is still among the possibilities.

The Republican nominee has a difficult feat to perform. To ride into the Presidency on the shoulders of Johnson, and Borah, and Lodge, and Penrose, and Taft, and Wickersham, and Rockefeller, and Hoover requires that he ride eight horses at once.

Do not take your children to buy new boots in the early morning. In the latter part of the day the feet are the maximum size. Activity and standing tend to enlarge the feet. If people would only remember this rule there would not be so many complaints of shoes pinching the toes and so causing unsightly blemishes.

"Women must take the vote seriously, as a grave responsibility."

Why Not Be Truthful?

The Republicans charge President Wilson with conducting the war on a partisan basis, distrusting Republican patriots and appointing his own partisans. Why not tell the truth?

General Pershing, Commander-in-Chief in France, was a Republican, as was General March, Chief of Staff; General Goethals, Assistant Chief, and General Crowder, Provost Marshal General. Other Republicans given high place were Keppel, Scott and Stettinius, Assistant Secretaries of War; Admiral Sims, Commander of our overseas naval forces; Harry Garfield, Fuel Administrator; Herbert Hoover, Food Administrator; Charles M. Schwab, Frank Vanderlip, Henry P. Davison, Julius Rosenwald and many other distinguished Republicans were placed on war boards.

Justice Hughes, ex-President Taft and Cornelius Bliss, ex-Republican National Treasurer, were all called into service. The war was not conducted on a partisan basis.

Last week the women in St. Louis registered and contrary to public opinion, the number almost equaled that of the men. In the twenty-eighth ward there were 46 more women registered than men in a total of 19,856. In twelve precincts in other wards there were more women than men voters registered. This means that our good women out in the state must not fail to go to the polls November 2nd, if the Democratic ticket and good government are to win.

Critics Who Don't Know.

Misinformation critics with dwarfed minds are usually the ones who condemn the pioneer, with a new idea, as a "Wildcatter." The man with experience who knows something of history and of progress along scientific, mechanical and industrial lines does not have to be told how impossible the future looked for some of our now important discoveries. The man who knows these things is slow to criticize even the most revolutionary idea. There are individuals who take delight in criticizing and ridiculing the oil promoter or the operator of a new mining venture. They forget that Drake, the discoverer of America's great oil industry, was a "Wildcatter" without a peer. The trail blazers to the mining fields of the West had the big idea and knew what long chances they were taking when they entered the unknown West. Death by the Indians or starvation faced them on every hand. But think of the wealth that has come from the Comstock, Cripple-Creek, Butte, Tonopah and thousands of rich mining camps throughout the Rocky Mountain region.

It takes money to develop new mines and oil fields and our hat is off to the individual who honestly strives to raise this money and develop new wealth. It is easy to criticize but difficult to make real progress. So when we hear of a man, who should know better, criticizing the oil or mining promoter, we know that he has an "ax" to grind for the interests that employ him. The "half-baked" critic who belittles the work of the promoter does so because he doesn't know. He lacks experience. Later in his life he will probably see the error of his way. While England, is lauding the efforts of pioneers in her oil fields, there are interests in America, who laugh at the work of the little fellow who is trying to develop oil in this country. If it was left to these critics, who are very seriously interfering with the financing of new oil ventures, England would have no difficulty in attaining oil supremacy over America.—The Denver, Col., Daily Mining and Financial Record.

Grip

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have a cold. For that reason when grip is prevalent you should go to bed as soon as you feel that you are taking cold and stay in bed until fully recovered which should not be long if you take Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on. adv

Trustee Sale.

Whereas, John Wroblewski and Anna Wroblewski, his wife, by their certain deed of trust dated the 6th day of September, 1919, and recorded in the office of the Recorder of Deeds for the county of Ste. Genevieve, State of Missouri, in book 82 for recording deeds at page 97 conveyed to the undersigned trustee all of the following real estate situated in the county of Ste. Genevieve, State of Missouri, to-wit: All of the Southeast 1/4 of the Northeast 1/4 of section 35, township 35, North of Range 6 East, containing 40 acres; which conveyance was made to the undersigned in trust to secure the payment of certain notes in said deeds specified and whereas, the principal note and the two interest notes are now past due and remain unpaid; now the undersigned trustee, the legal holder of said notes and in pursuance of the conditions in said deed of trust the undersigned trustee will sell the property above described at public auction to the highest bidder for cash at the East front door of the Court House in said county of Ste. Genevieve, State of Missouri, on

Saturday, October 23, 1920, between the hours of nine o'clock a. m. and five o'clock p. m. for the purpose of satisfying said debt and the cost of executing this trust.

WILLIAM C. LOCHMOELLER, Trustee.

Saturday, September 2, 1920.

Trustee Sale.

Whereas, Joseph Werner, single, by his certain deed of trust, dated the 1st day of February, 1910, being recorded in the recorder's office of Ste. Genevieve County, Missouri, in book 79 at page 91 conveyed to the undersigned trustee all of the following real estate, situated, lying and being in the County of Ste. Genevieve, State of Missouri, and known and described as follows, to-wit: The S. E. quarter of the S. E. quarter of Section No. 20; the S. W. quarter of Section No. 20; the S. W. quarter of the N. E. quarter of Section No. 29 and the N. E. quarter of the N. E. quarter of Section No. 29; and all that part of the South half of the N. E. quarter and N. W. quarter of the N. E. quarter of said Section No. 29, situate south the summit or top of the hills on North side of the Fourche Du Clos Creek containing Two Hundred and eighty (280) acres more or less and all being and situate in Township No. Thirty-eight (38) North of Range seven (7) East, of the 4th principal meridian, and is same land conveyed to Joseph Werner by William P. Werner and wife by deed made and dated January 27th, A. D., 1910.

Which said conveyance was made in trust to secure the payment of a promissory note in said trust deed described; and whereas, by the terms of said deed of trust said note is past due and remains unpaid, now, therefore, at the request of the legal holder of said note, and in conformity with the provisions of said deed of trust, I, the undersigned trustee, will on

Wednesday, October 20, 1920, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of that day, at the front door of the Court House in the said city of Ste. Genevieve, said Ste. Genevieve County, Missouri, sell at public auction to the highest bidder for cash, the above described real estate to satisfy said note and costs of executing this trust.

September 18, 1920. CHAS. W. MEYER, Trustee.

Financial Loss Due To Colds.
It is estimated that the average man loses three days time each year from inability to work on account of having a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms of the disease appear. Chamberlain's Cough Remedy has won a wide reputation and immense sale by its cure of this disease. Try it. You are certain to be pleased with its pleasant taste and the prompt relief which it affords.

The Oliver No. 7 Plow
An Oliver Plow for every farming need also has been designed for the Fordson.

Amson Tractor Drill
Accurately sows wheat, corn, rye, oats, clover, beans, etc. It has a plain grain or combined grain and fertilizer drill, and with wood or steel wheels.

With the Fordson Tractor... The Roderick Lean Disc Harrow

The Roderick Lean Automatic Disc Harrow, built purposely to work with the Fordson, is now considered a most necessary implement by thousands of American farmers.

Discing with the Fordson and a Roderick Lean Automatic Disc Harrow, just after the harvest, enables the plow to turn all trash well under where it will improve the soil. It also prevents the loss of moisture by evaporation and makes the land fit for plowing at any time.

Then after plowing the Roderick Lean Automatic Disc Harrow will make possible the sort of seedbed that means a better crop. The Roderick Lean Auto-

matic Disc Harrow was built to work with the Fordson to the end of growing better crops.

It provides fast, thorough and deep seed-bed preparation. That is why you will want one with your Fordson. Then, too, there are Roderick's spring-tooth, spring-tooth and oval harrows, specially built to work with the Fordson.

Oliver Plows and Amson Tractor Drills, built purposely to work with the Fordson, are also a part of good Fordson farming. Like the Roderick Lean Automatic Disc Harrow, they are controlled by the operator from the tractor seat. See the Fordson Dealer in your town.
